

The SpaceVac Universal system is a flexible cleaning system designed for use in internal and external settings.

The Universal system features a full 50mm set of cleaning poles and gutter cleaning tools, along with a unique 50-38mm adaptor and a full set of our 38mm internal cleaning heads to take the system inside for removing high-level dust and other materials from height.

The system is a powerful ally to anyone working in the Facilities Management fields working across a diverse range of areas or looking to add multiple new products to their service lines.
